Dear Senator _____ / or Representative _____,

My name is _____, and I live in (city, state). I want to thank you for your service and your hard work on behalf of your constituents.

The reason I am contacting you today is because I am concerned about the threat to federal funding for public television.

Public television is important to me because _____.

I understand that members of Congress have to make difficult budget decisions, but the cuts should not come from funding for public television. Public television is an important investment; it's free to all, and provides to access educational kids' programs, public affairs, news, arts, culture and history. There is no replacement for public television.

I ask that you do all that you can to make sure funding for public television continues.

Thank you for consideration and your time.
